God is big, complex and beyond our full comprehension this side of Heaven. His love, **so amazing and also beyond full comprehension**, is simply powerful. Our world is often messy, complex and unforgiving. What God shows us in His Son Jesus is a simplicity we all desire. The core of all we are and do is to simply love like Him. **Choose to love today.**

Thank you for being a part of our church family today. Without people like you, *even if you're visiting*, there is no church. We serve God and His people. Thank you for your support and encouragement. You bless us so richly. We truly appreciate you standing with us. **The Allwood Family**

HOPE NEWS **JUNE 2018**

WELCOME

Love is a choice
Choose Him everyday!

"He who does not love does not know God, for God is love."
[1 John 4:8 NKJV]

JUNE PRAYER POINTS

- Matthew 9:38 - For the Lord to provide the people needed to continue His work as the harvest is plentiful.
- For the Lord to protect the children of our area and for their salvations. For Holy Spirit to move in the schools.
- For our senior Pastors Nigel and Jo and the family - strength, wisdom, protection and revelation.

At times, it can be easy to forget that we live in a fallen world. That means, there is much that is not right and certainly not God's will going on. It's also easy to allow all this negativity to swamp us if we're not careful. The answer is simple, **focus on the Lord. REMEMBER** He has overcome *the world: its problems, its negativity, sin, all the power of the enemy and even death!* We're actually here to show others this hope we now have, **by faith.** Sometimes we make mistakes, sometimes we might even have a fall. Under God's grace that's okay BUT **GET UP.** I recently read a great book called *Momentum* (John Cameron). He makes some awesome points to keep moving forward. He referred to how Joshua was quite down after he'd lost a battle (*Joshua 7*). The Lord told him to **GET UP.** If you've failed, had a fall or a disappointment, don't wallow in self pity but **GET UP.** The enemy wants you to stay down, **God wants you to get back up.** Seek Him, learn from any mistakes and keep going. You'll come back stronger than before. Joshua did and went on to be victorious in the Lord - you can too. *Gob bless you, Troy and Rebecca.*
