What God is doing through our little church in regional Queensland is amazing and humbling. The Imagine Project is a miracle. Thank you for your giving and your continued prayers. We're working towards building a ministry centre that will glorify our Lord Jesus and bring His love in a tangible way to the community in which we serve. God bless!

Welcome to Hope Community Church. Thank you for coming to church today. Our prayer is you will not leave today the same as when you arrived.

We live in very interesting times! Ironically, we have access to so much information but people are too busy to consume it. Our lives have become so busy and complex. I'm reminded how we're called to be separate from the world. Here is one way we can do just that. Let's live life the way God plans for us. This is not rushed, stressed and overwhelming. I read recently someone who said to avoid saying life is busy, **say life is full.** That sounds like a more biblical description.

For our sakes, God keeps things simple. The Gospel is not complicated, yet powerful. Consider the words of the apostle Paul:

For I am not ashamed of the gospel of Christ, for it is the power of God to salvation for everyone who believes, for the Jew first and also for the Greek. [Romans 5:1:16 NKJV]

We're in an exciting time of growth and with it comes challenges. *We need the grace of God and we need to show grace to each other.* It's timely to remember to focus on the simplicity and power of the Gospel.

God bless, Troy & Rebecca
